Electronic device for bio-resonance therapy
(Hulda Clark zapper)

Tangra mini

Bio-resonance therapy - alternative

Purpose:

Electronic device "Tangra mini" is a new generation instrument is designed for active bio-resonance therapy (ABT) on the human body based on the generation of electromagnetic signals with certain frequencies and form by which the influence of harmful pathogens (viruses and bacteria) and parasites in human body. Typical for this type of therapy that is totally harmless, and that helps in the case where no other method does not help. Daily treatment with device clears the body of harmful parasites that can cause hundreds of diseases, while increasing tone, removes fatigue and improves overall health.

Made exactly according to original scheme of Dr. Hulda Clark zapper published in her book "Treatment of all diseases",

in this sense can be called "Hulda Clark Zapper". A scientist who laid the foundations of modern bio-resonance therapy through its practice and great books ("Treatment of all diseases" etc.). Apparatus is characterized by its comfort, quality and longevity, making it suitable for use in everyday life, medical and therapeutic centers. There are comfortable and healthy bracelets electrodes that make carrying comfortable therapy.

Have been used modern technologies such apparatus is designed and manufactured entirely in the European Union. Available is a detailed instruction manual in English. There is a guarantee and warranty support. More information can be found on our website:

www.noraresearch.com

Technical characteristics:

Power supply: 9V battery type 6F22

Power consumption: <0.015 A

Spectrum: a rectangular signal with a frequency of 32KHz (+ / - 10% when battery voltage 9V)

Amplitude of the output: max. 8V

Maximum output current: 0.006 A

Power consumption: max. 0.15W

Battery life: 200 cycles on average 7 minutes (depending on model of the battery)

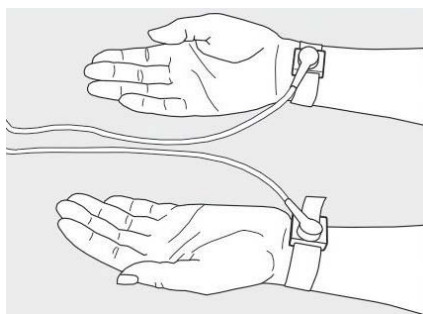

Time of operation: manual mode

Mass Product Packaging: not more than 600 g

Warranty: 12 months

Features

convenient removable bracelets electrodes

Zapper in the original scheme of Dr. Hulda Clark

Comfortable and healthy jacks, compact design
